

PHOTOGRAPHY AND VIDEO CONSENT FORM

We want to take every measure possible to protect your child. With this in mind, we require your consent, as a parent, to allow photography and video recording of your child's activity at some times during pre-school activities.

The Pre-School committee feel that an 'open' policy should be adopted for the benefit of both parent and child; however the choice is entirely yours.

The Acre End Pre-School web site has pages that contain images of attending children during both normal activities and special events.

Please indicate your choices below.

I **DO / DO NOT** consent to my child's inclusion in any photography or video material recorded by the Pre-School.

I **DO / DO NOT** consent to my child's inclusion in any photography or video material recorded for inclusion on the Pre-School web site.

If you have answered **DO NOT** to either of the above questions, please be assured that no material will appear in Pre-School documents or on the Pre-School web site

If you answered **DO** to either of the above question but change your mind in the future, please inform a member of the committee or staff in writing. Your child's photograph/s will be removed as soon as possible.

Name _____

Signature _____

Date _____

If you have downloaded this form to complete, please hand it to a member of the Pre-School staff.
