

SUN PROTECTION APPLICATION CONSENT FORM

We want to take every measure possible to protect your child. With this in mind, we require your consent, as a parent, to allow staff to apply sun protection to your child. This may be in the form of creams and/or lotions.

The Pre-School committee feel that an 'open' policy should be adopted for the benefit of both parent and child; however the choice is entirely yours.

Please indicate your choice below.

I **DO / DO NOT** consent to Pre-School staff applying sun protection to my child.

If you have answered **DO NOT** to the above question, please be assured that no member of staff will apply any sun protection to your child. This will mean that you will be responsible for your child's sun protection. Staff will reserve the right to keep your child indoors or under reasonable shade during outdoor play time.

If you answered **DO** to either of the above question but change your mind in the future, please inform a member of the committee or staff in writing as soon as possible.

Name _____

Signature _____

Date _____

If you have downloaded this form to complete, please hand it to a member of the Pre-School staff.
